Actionable Analyst Insights

Crucial takeaways for product development

74.8% rely on **Private Bus** as primary transport — focus initial integrations here.

81.7% are **University Students** — highly responsive to digital discounts and mobile UX.

3.2/5 average current satisfaction shows **high market potential** for disruption.

#1 barrier is **Payment Security** (68 responses). Trust indicators are mandatory.

78 users prioritize an **Easy Booking Process** over pricing or loyalty features.
